ummarize Any Completed Major Tasks or Project Phases:
Il legacy data is being delivered and available for UAT testing. Issues are being addressed as identified from UAT and will also be addressed when end-to-end testing begins.
ummarize Any Significant Project Changes Affecting Schedule, Budget or Scope: or each change, describe what the change involved, when it was approved, and the reasons behind the approved change. The delay of Rollout 1, and the requirement and complexity of bridging/interfacing to legacy systems has shifted the follout 2 go-live to January 1, 2018. This shift in schedule will impact the overall project cost, but we still remain
nder budget at this time.
dditional Comments or Issues (optional):
you have any additional overall status comments about the project (e.g., project news, accomplishments, emerging challenges ks that could affect the project), please provide them here. Tork continues on defining the reports needed. Most other work on DI is completed.
Project Status Category Guidelines
chedule Status

**Green** – Indicates that the project or phase is on track for the targeted implementation date.

## **Project Status Category Guidelines**

**Yellow** – Indicates that the project or phase <u>may be falling behind</u> and analysis needs to be done to determine if the project can recover and still achieve the targeted implementation date, or if adjustments must be made to that date

**Red** – Indicates that the project or critical tasks <u>have fallen behind</u> schedule, and corrective action must be taken to still achieve the targeted implementation date or that date must be changed.

## **Budget Status**

**Green** – Currently on target with project budget.

Yellow - Project is over budget by 10 to 25%.

**Red** – Project is over budget by 25% or more.
